

## Quote of the Month

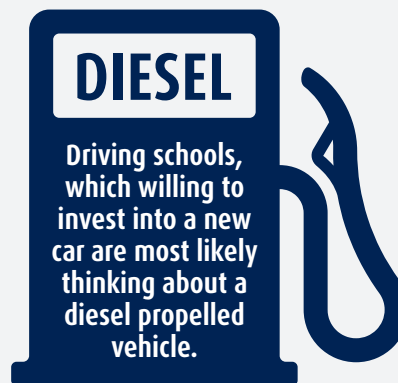

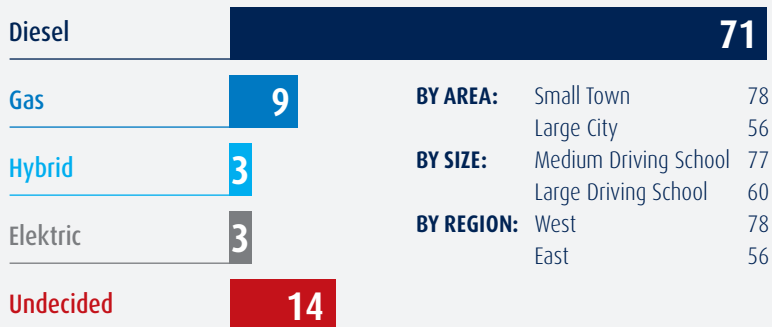

"The comparison of the new vehicle registrations with those of the previous year figure shows clearly that the time of the diesel engine, despite the recent crisis, is still far from over. The vast majority of Driving school owner plans to continue investing in new diesel vehicles."

**Jörg-Michael Satz** Präsident MOVING Road Safety Association International e. V.

## New car registrations compared to the previous year in percent:

## Planned investments of driving schools in 2019 – type of propulsion:
