

Quote of the month

„For many years, the number of people with a driving instructor license up to 74 years of age has been steadily decreasing. It is therefore all the more pleasing to see that this trend has not continued for the comparable period (01.01.-31.12.2019). In fact, the number of driving instructors has increased by 111 persons or 0.25%.“

Jörg-Michael Satz, President of MOVING International Road Safety Association e. V.

Number of driving instructor licence holders up to 74 years in Germany 2011-2020
