

### Quote of the month

„The industry turnover of driving and flight schools in Germany increased by more than 58% from 1.925 billion euros in 2015 to 3.05 billion euros in 2022. However, the lockdown did not leave the industry unscathed and led to a 2.7% decline in industry turnover from 2019 to 2020. It was not until 2021 that the 2019 turnover level was reached again and exceeded by more than 200 million euros.“
